YOUR VOICE. REAL ACTION. REAL CHANGE.

Students deserve more than surveys and promises, we deserve visible improvements, clear accountability, and a union that fights for students every day, not just during election week.

If elected as VP Voice, I will focus on listening properly, acting fast, and publishing progress publicly so students can see what's being done, what's delayed, and why.

MY CORE PROMISE

I will make student voice impossible to ignore.

Not just collecting opinions, but turning them into policy changes, service improvements, and real outcomes with timelines.

I AM YOUR VOICE NO MATTER WHERE YOU ARE FROM
