

## Activity Zone Committee

Part-Time | Voluntary

Time  
Management

Working  
as a Team

Developing  
Ideas

Each Zone is led by the respective Vice-President, assisted by a committee of five part-time student officers. All members of the Activity Zone work to develop student activities, increase participation, promoting ways to connect with other students and to keep active, and provide extra-curricular development to all students.

Within the Activity Zone structure, the Team Surrey Chair and Societies Chair have additional distinct responsibilities. These two positions are elected separately to the other Activity Zone Committee members in stand-alone elections, so students interested in these roles will need to stand for these positions specifically, rather than for the general role of Zone Committee Member.

### Team Surrey Chair

The Team Surrey Chair is a part-time officer, part of the Activity Zone Committee. As a member of the Activity Zone, the Team Surrey Chair represents and promotes the interests of Sports Club members in engaging with Team Surrey, and attends Union Forum as a voting member. Further responsibilities include chairing monthly Sports Standings, inviting clubs to attend, developing the agenda, and accepting any apologies. Finally, they sit on Transport Committee and the Team Surrey Executive Committee alongside the VP Activity, representing students' sporting needs at the highest level.

### Surrey Societies Chair

The Societies Chair is a part-time officer, part of the Activity Zone Committee. As a member of the Activity Zone, the Societies Chair represents and promotes the interests of Union Society members, and attends Union Forum as a voting member. Further responsibilities include attending Transport Committee and chairing monthly Society Standings, inviting societies to attend, developing the agenda, and accepting any apologies. Finally, they take a lead role in the development of societies by driving their success and working with VP Activity and VP Community to bring society leaders together through events and showcases.

### Activity Zone Committee

There are three part time officer roles within the Activity Zone Committee, who work as a team on all responsibilities of the Activity Zone. Members of the Activity Zone will work together on the aims of the Zone and will work to enact their own manifestos. The Activity Zone Members attend Union Forum as voting members.

## Union Campaigns

All Officers have the opportunity to participate in key Union projects and campaigns over the year which benefit students and promote the representative work of the Union. These include projects such as Moving-In Weekend and SurreyDecides, and key campaigns such as Black History Month and LGBT+ History Month. All officers are asked where possible to support these key points in the Union calendar, in addition to enacting their own manifestos.

## ***Interested in Running? Nominate Yourself...***
