Ideas

Each Zone is led by the respective Vice-President, assisted by a committee of five part-time student officers. All members of the Voice Zone work on student voice initiatives and campaign issues. Students with a passion for raising the issues faced by students, facilitating student campaigning and student activism, promoting equality, diversity, and inclusion, and ensuring the quality of the education received at Surrey should consider standing for the Voice Zone.

The Committee

There are five part time officer roles within the Voice Zone, who work as a team on all responsibilities of the Zone. Members will work together on democratic activity within the Union, finding out what matters most to students, taking part in and facilitating student activism, and ensuring students are represented at a local and national level, and will work to enact their own manifestos. All Voice Zone Members attend Union Forum as voting members.

Union Campaigns

All Officers have the opportunity to participate in key Union projects and campaigns over the year which benefit students and promote the representative work of the Union. These include projects such as Moving-In Weekend and SurreyDecides, and key campaigns such as Black History Month and LGBT+ History Month. All officers are asked where possible to support these key points in the Union calendar, in addition to enacting their own manifestos.
